**Section 4.1(bb)(i)**

**Government Programs**

The Heritage is on a repayment schedule due to over inflation of our estimated services. The payment plan is for a period of 12 months starting 8/21/09, ending on 7/21/10. The amount of repayment in full is \$129,538.94 with a 3.25% interest rate. The current balance as of 11/11/09 is \$114,418.30. Copies of this payment arrangement are located on the EDC site under Hold Co – Operational – (3a) Medicaid Information.

As for other Medicaid or Governmental liabilities: States have different ways of recouping their money due to overpayment, such as recouping from future payments or an audit in which the state requests a check. Such overpayments are taken care of on a timely basis. Estimating an amount that may be determined in the future is not possible. Except for The Heritage repayment schedule discussed above, Stayton is not aware of any pending or threatened recoupments by any of the states in which it operates relating to the Properties.
